

Pacific Shores MEDICAL GROUP

Infusion Services

Easy-Simple-Hassle Free

We provide intravenous therapies as ordered by physicians for conditions such as: Ulcerative Colitis, Crohn's Disease, Osteoporosis, Multiple Sclerosis, Rheumatoid Arthritis, Gout, Amyotrophic Lateral Sclerosis, Systemic Lupus Erythematosus, Scleroderma, Iron Deficiency Anemia, and Oncologic Indications. Our Centers in Los Angeles and Orange County offer:

Convenience: Easy to Schedule – just fax the diagnosis and orders to our office and our staff will take care of everything else. Please also fax any additional pertinent information, such as office notes, patient's weight, and laboratory results. We will contact the patient, administer the treatment, and fax the treatment documentation back to the ordering doctor.

Quality: Our staff is very experienced; we perform more than 40,000 intravenous infusions per year and we bring over 30 years of experience to our patients. We provide the highest patient satisfaction and safety.

Supervision: Our staff is supervised on site by our team of physicians, physician assistants, and nurse practitioners providing patients with superior confidence and comfort.

Patient Education: As part of our standard procedures, we provide the patient with appropriate information regarding the treatment to be given.

Insurance/Authorization: We accept most insurance programs. After receiving needed medical information, our expert staff can verify insurance, obtain authorizations, and help with financial counseling.

Flexibility: We are able to offer patients very flexible schedules so that treatments can be implemented according to their needs across Los Angeles and Orange counties.

Special training and accreditation: We are able to provide therapies that require complex procedures and documentation.

**Please let us know if we can be of service.
